

Flexi LITE

Full 1500kg lift capacity

CREATE UP TO 30% MORE WAREHOUSE CAPACITY

Flexi LITE works in just 1642mm (euro)
or 1762m (ISO) aisles to BITA GN9.

LIFT HEIGHTS TO 6.6 METRES

Designed to bring Flexi articulated
space saving and handling efficiency
to low bay warehouses.

STACKING PERFORMANCE

Narrower front and rear axles allow
1000mm wide block stacking of pallets
and drive in rack operation.

TRIPLEX OR DUPLEX MAST

Lift mast options include triplex full
free lift or duplex limited free lift, to
suit most operating conditions.

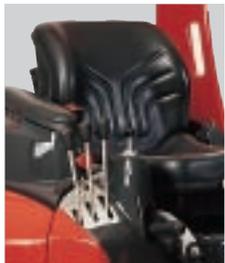

For low bay applications, where a Flexi G4 lift performance is not required, Flexi LITE provides an extremely economical solution.

NARROW FRONT AXLE

Makes operation in drive in racks and block stacking easy.

FORWARD FACING SEAT

Standard PVC seat.

STEEL PLATE REAR PANEL

Detailed steel plate rear panel protects traction battery.

EASY BATTERY CHANGE

Low rear lift off or roll off for fast changeovers. Good access for battery topping. No motors underneath.

NARROW CHASSIS

1100mm wide rear chassis allows block stacking and drive in rack operation.

TOUGH CUSHION TYRES

Flexi LITE front cushion rubber drive wheels provide excellent grip and traction in slippery conditions when fully loaded.

TILTING "CLEAR VISION" MAST

Flexi's famous "clear vision" mast is available in either triplex or duplex format. Integrated side shift fork carriage is standard.

PARCEL BAY

Conveniently located behind the operator and suitable for carrying a roll of plastic film or any other material that needs to be close to hand.

NARROW AISLE FLEXI

Flexi LITE is part of Narrow Aisle's range of Flexi articulated trucks, which includes the Flexi HiMAX, for lift heights to over 12m; the Flexi GAS, with clean LPG power and the Flexi G4, Europe's most popular electric articulated truck. For more information on the Flexi concept please refer to the Flexi G4 brochure.
